

Question 117

What is the estimated cost of keeping a remand inmate in prison, on a per day basis, in the coming year plus outyears, and how does this compare to previous years?

Answer 117

The table below provides the estimated cost of keeping a remand inmate in prison, on a per day basis, in the coming year compared to previous years.

	2001/02	2002/03	2003/04	2004/05	2005/06	2006/07 (Forecast)	2007/08 (Forecast)
Cost Per Prisoner Per Day (\$)	145	149	117	165	184	208	231

Increases have been driven by the facility costs as a result of new prison capacity.

Question 118

What is the estimated cost of keeping a sentenced inmate in prison, on a per day basis, in the coming year plus outyears, and how does this compare to previous years?

Answer 118

The table below provides the estimated cost of keeping a sentenced inmate in prison, on a per day basis, in the coming year compared to previous years.

	2001/02	2002/03	2003/04	2004/05	2005/06	2006/07 (Forecast)	2007/08 (Forecast)
Cost Per Prisoner Per Day (\$)	155	158	165	161	190	225	253

Increases have been driven by the facility costs as a result of new prison capacity.
