

NEW ZEALAND

LIBERAL PARTY

Our National Values—

- ★ **Humour**—smile and the world smiles with you; laugh at ourselves and with others, but never at others; be quick to praise and slow to judge; a stranger is someone you haven't made a friend of; take the rough with the smooth; and the glass is always part full, never give up hope:
- ★ **Endeavour**—front up, don't expect others to lead, don't let fear control you, it takes courage to control fear; find a way, never give up; expect the worst and accept the risk, without blaming failure, the unknown is waiting for discovery, look beyond appearances; verify the facts and seek the reason why:
- ★ **Common sense**—achieve the rational and practical; discretion is the better part of valour; you learn nothing with your eyes shut and your mouth open; a team is a product of effort and worth more than the sum of its parts; plan when to use your reserve, serve to lead, don't ask of others that which you're not prepared to do yourself:
- ★ **Integrity**—know we're equal to the best and acknowledge we're no better than anyone else; be honest and reliable: discreet truth is always better than a lie; build trust by giving and returning favours; know what is right, do what is right and get it right:

Strong and Gentle
