

MISSONI

♥

havaianas®

It's a big year for Havaianas. 2012 marks a half century for the Brazillian brand as there's plenty to celebrate.

In New Zealand we have the Missoni x Havaianas collaboration available for the first time at exclusive stockists nationwide.

The Department Store in Takapuna will see the launch of a Havaianas concept store offering the biggest range on the North Shore including the Missoni colab and other exclusive styles.

The Havaianas 50 years anniversary jandal is available exclusively at the Havaianas Concept store in Britomart and at the Havaianas Show-room in Grey Lynn.

The new Havaianas 'Soul' collection is now gracing the shelves... Havaianas looks to its nearest summer footwear rivals - the 'espadrille' and the 'sand-shoe' and then gives it a distinct Havis twist incorporating the traditional jandal sole on these equally iconic summer footwear styles.
