

ORGANISED AND FINANCIAL CRIME AGENCY NEW ZEALAND

16 December 2011

Director
GCSB
WELLINGTON

Attention: GCSB Redactions

TF DEBUT: Request for GCSB support with regards to NZ Police enforcement of international warrants against Mega Media Group

1. OFCANZ requests GCSB's assistance pursuant to section 8(1)(e) of the GCSB Act 2003, which permits GCSB to assist OFCANZ with the provision of foreign intelligence on the understanding that this request contributes to a function of OFCANZ and supports of the prevention or detection of serious crime.
2. OFCANZ holds an interest in a group of persons known as the Mega Media Group, due to them being the subjects of international arrest warrants issued by the United States Federal Bureau of Investigation (FBI) in regards to large-scale copyright infringement and money laundering offences. FBI has requested NZ Police assistance in executing the arrest warrants against Mega Media's officers and seizing assets understood to be the proceeds of the organised criminal activity.
3. OFCANZ requests GCSB's assistance in gathering intelligence on Mega Media Group's executives' intentions to travel to New Zealand in mid to late January 2012. If New Zealand Police undertake operations to execute the arrest and seizure warrants, intelligence on the group's plans may assist NZ Police in conducting the operations in a safer and more efficient manner.
4. OFCANZ therefore requests that GCSB conduct SIGINT analysis against persons associated with Mega Media Group – in particular its executive officers: Kim Schmitz (also known as Kim Dotcom and Kim Tim Jim Vestor), Finn Batato, Julius Bencko, Sven Echternach, Mathias Ortmann, Andrus Nomm, and Bram van der Kolk, in order to better inform OFCANZ and NZ Police operational planners as to the group's intentions.
4. The precedence of this request is PRIORITY.
5. Thank you for your assistance. If you would like to discuss this further, please contact Detective Sergeant Nigel McMorran phone number

for Grant Wormald
Detective Inspector

GCSB Redactions thanks for that, that was great.

I see paragraph three is almost the info we are after, would be nice to know where/when that meeting is. But confirms they are at least to meet as no doubt will the others.

I am on leave Friday for 5 days back the 29th. I have no access to this site until at least the 4th but can and will come down to meet face to face if required.

For your info and records I am now Charlie and Delta cleared and briefed as of yesterday.

Good to hear.

We are closing up shop in the next day or two. The team will be back in action from around 9 Jan, with a couple of us sticking our noses in early Jan just to check nothing sensational is going on.

Collected intercept will be analysed and reported (if of intelligence value) from then.

[CONFIDENTIAL COMINT] Briefings for CROWN LAW representatives.

Re: GCSB Redactions
I have been tasked to coordinate a COMINT briefing for two Crown Law representatives that are required to review the Operation Debut file. The meeting (Crown Law and AC Burgess/DSupt Van Beynen) had been scheduled as urgent, and is to start at 1445 today (Friday 28 Sep).

The two Crown Law personnel are:

Crown Law details

Crown Law details
[Redacted]

Due to the short notice of the tasking, and the urgency for the access, would it be possible for me to conduct a COMINT briefing on your behalf prior to the discussion, and have Crown Law arrange for any subsequent briefings that you may deem necessary later. Conversely, would it be better to have them visit you for that brief prior to coming here?

Thank you for your consideration.

Many thanks to you and your team for the assistance you have provided throughout Operation DEBUT. The reporting you were able to provide often helped to confirm or refute other sources, and assisted in providing situational awareness and context to (appropriately cleared) operation planners.

Can I propose we set aside an hour or so for a more 'formal' debrief at some point in the next fortnight? D/Sgt Nigel McMorran is away for a couple of weeks however DI Grant Wormald will hopefully be able to attend.

Topics for discussion might include a summary of the operation and outcomes from our perspective (and yours), what worked well, what didn't, what we could do differently/better next time etc.

We'd be more than happy to host you all up here at a convenient time.

Good to hear back from you, and congratulations on such a successful operation on the 20th!

We've been closely following all the subsequent media reporting, and will be very interested to see how Dotcom's extradition hearing progresses.

Thanks very much for your feedback below. We all thoroughly enjoyed being involved in this case and were happy to provide what assistance we could.

We would also be quite keen to hold a debrief at some time in the not-too-distant future. The analysts would be able to walk you through some of the SIGINT tools used, and analysis conducted by GCSB during TASK FORCE DEBUT. Unfortunately though, GCSB Redactions and GCSB Redactions will both be on leave until 7 & 8 February and GCSB Redactions is about to head away on leave until the 20th. If we aimed for a date from 20 February onwards, would that be more suitable for your seniors? Or is 20 Feb getting a little too late in the month?

At this end, we would also be keen to include some GCSB managers, including our incoming Director Ian Fletcher – who is on deck from 7 February, following the Waitangi weekend. We expect that Ian Fletcher will be keen to attend his debrief as well – and as such, we would be happy to host the debrief, if that worked for you and your seniors.

Let me know what dates would be most suitable for OFCANZ (from 8 Feb onwards at least), and I will see if I can schedule in the relevant people at this end, and arrange meeting rooms etc.

Look forward to catching up further,

Cheers

Many thanks for your email, and apologies for not contacting you sooner – I've just got back from leave in the UK. We are pleased that the team's reporting was of value, and contributed in some way to the successful outcome of the operation.

We are very keen for our new Director, Deputy Director for Intelligence, and possibly ICG, to be present during a debrief. If you have some dates in mind, for mid-February, I'd be happy to try and set something up here in Pipitea House if that would be possible?

Good to hear back from you, and congratulations on such a successful operation on the 20th!

We've been closely following all the subsequent media reporting, and will be very interested to see how Dotcom's extradition hearing progresses.

Thanks very much for your feedback below. We all thoroughly enjoyed being involved in this case and were happy to provide what assistance we could.

We would also be quite keen to hold a debrief at some time in the not-too-distant future. The analysts would be able to walk you through some of the SIGINT tools used, and analysis conducted by GCSB during TASK FORCE DEBUT. Unfortunately though, GCSB Redactions and GCSB Redactions will both be on leave until 7 & 8 February and GCSB Redactions will be out to head away on leave until the 20th. If we aimed for a date from 20 February onwards, would that be more suitable for your seniors? Or is 20 Feb getting a little too late in the month?

LOOK FOR CLASSIFICATION AND CODEWORD IN NORMAL TYPE

At this end, we would also be keen to include some GCSB managers, including our Incoming Director Ian Fletcher – who is on deck from 7 February, following the Waitangi weekend. We expect that Ian Fletcher will be keen to attend this debrief as well – and as such, we would be happy to host the debrief, if that worked for you and your seniors.

Let me know what dates would be most suitable for OFCANZ (from 8 Feb onwards at least), and I will see if I can schedule in the relevant people at this end, and arrange meeting rooms etc.

Look forward to catching up further.

Cheers

Many thanks to you and your team for the assistance you have provided throughout Operation DEBUT. The reporting you were able to provide often helped to confirm or refute other sources, and assisted in providing situational awareness and context to (appropriately cleared) operation planners.

I propose we set aside an hour or so for a more 'formal' debrief at some point in the next fortnight? D/Sgt Nigel McMorran is away for a couple of weeks however DI Grant Wormald will hopefully be able to attend.

Topics for discussion might include a summary of the operation and outcomes from our perspective (and yours), what worked well, what didn't, what we could do differently/better next time etc.

We'd be more than happy to host you all up here at a convenient time.

appreciate your prompt replies. At present, sometime after the middle of the month is good for us. Still a lot of tidy up (and other catch up) work to be done.

will contact you towards the end of the week with some tentative dates and hopefully we can go from there.

IB, It would not be typical for our Director to attend this type of meeting so more likely to be tactical/operational level personnel who worked directly on the op. We can but ask...!

We'll await to hear back from you regarding proposed dates.

As for the content and scope of the debrief, I would also hope that we aim to present tactical/operational level material. Our analysts will run you through our SIGINT tools and how we used the GCSB Redactions that OFCANZ provided.

Our Director and senior management will have an interest in seeing this level of material, especially since our Director will probably never have seen SIGINT tools in action yet (he starts in the office after Waitangi). I had been expecting our seniors to take more of a "back seat" position in the audience, leaving our analysts to lead the discussions. Hope that reassures you that I am not aiming this session at a senior level, but we would rather invite them to sit in and observe.

Good stuff.

Detective Inspector Grant Wormald will lead from the police/investigative side. We will present a short round-up of the operation from concept to termination/court proceedings. D/Sgt Nigel McMorran will hopefully also be able to attend and he can explain some of the dynamics and legal aspects of the cooperation with (mainly) the FBI.

The presentation you propose sounds great and will be of much benefit to us as well.

see this as a chance to highlight the success of this op in terms of us seeking your assistance in a fairly unique case and you guys going the extra mile to assist. Also the connectivity to you folks from the field using the [GCSB Redactions] was a very simple, yet effective medium to provide regular updates.

think DEBUT is a joint model that could replicated (and built upon) to great effect in future operations with a regional and or wider transnational component.

Best dates currently look to be 16 or 17 Feb.

I am out of the office for the next couple of days but will be in touch next week.

Cheers
