I'd be keen for a debrief as well. I was going to offer that, in return from an OFCANZ/Police spiel, we give you all a run through of the tools we used and the way we used the selector leads and initial information pack provided.

No worries Police Analyst

It was our pleasure, and a lot of fun. We are all stoked with the result, not that we take credit for any of it.

We'd be keen for a debrief as well. GCSB Redactions away on leave until 7 Feb, and then GCSB Redactions away from 9-16 Feb. These guys led the charge, so I'd really hope they can be involved in the debrief.

Not sure if we try to squeeze things in on 8 Feb, or just wait for the whole team to assemble later in Feb?

As an FYI, our new Director Ian Fletcher starts in early Feb (following Waitangi weekend). Given his extensive background in intellectual property, we expect him to be very interested in this case. In fact, I've suggested to seniors that Ian perhaps even sit in on the debrief. They think this is a good idea.

This would A) strengthen OFCANZ / GCSB interaction and B) ensure that the new boss actually gives a damn about GCSB Redactions and doesn't just turn us all into GCSB Redactions analysts.

Hello all

I wanted to thank you all for your work on TF Debut. It all went according to plan, as you probably saw in the news.

Everyone involved in the termination are still in Auckland,, so unfortunately I don't have any info I can give you at the moment. They will start coming back to Wellington next week, so I will update you as I can, and organise a time for a debrief or you all some time in the next few weeks.

Thanks again

Many thanks to you and your team for the assistance you have provided throughout Operation DEBUT. The reporting you were able to provide often helped to confirm or refute other sources, and assisted in providing situational awareness and context to (appropriately cleared) operation planners.

Can I propose we set aside an hour or so for a more 'formal' debrief at some point in the next fortnight? D/Sgt Nigel McMorran is away for a couple of weeks however DI Grant Wormald will hopefully be able to attend.

Topics for discussion might include a summary of the operation and outcomes from our perspective (and yours), what worked well, what didn't, what we could do differently/better next time etc.

We'd be more than happy to host you all up here at a convenient time.

Hi [Redacted]

Good to hear back from you, and congratulations on such a successful operation on the 20th!

We've been closely following all the subsequent media reporting, and will be very interested to see how Dotcom's extradition hearing progresses.

Thanks very much for your feedback below. We all thoroughly enjoyed being involved in this case and were happy to provide what assistance we could.

We would also be quite keen to hold a debrief at some time in the not-too-distant future. The analysts would be able to walk you through some of the SIGINT tools used, and analysis conducted by GCSB during TASK FORCE DEBUT. Unfortunately though, GCSB Redactions and GCSB Redactions will both be on leave until 7 & 8 February and GCSB Redactions about to head away on leave until the 20th. If we aimed for a date from 20 February onwards, would that be more suitable for your seniors? Or is 20 Feb getting a little too late in the month?

At this end, we would also be keen to include some GCSB managers, including our incoming Director Ian Fletcher - who is on deck from 7 February, following the Waitangi weekend. We expect that Ian Fletcher will be keen to attend this debrief as well - and as such, we would be happy to host the debrief, if that worked for you and your seniors.

Let me know what dates would be most suitable for OFCANZ (from 8 Feb onwards at least), and I will see if I can schedule in the relevant people at this end, and arrange meeting rooms etc.

Look forward to catching up further.

Many thanks to you and your team for the assistance you have provided throughout Operation DEBUT. The reporting you were able to provide often helped to confirm or refute other sources, and assisted in providing situational awareness and context to (appropriately cleared) operation planners.

Can I propose we set aside an hour or so for a more 'formal' debrief at some point in the next fortnight? D/Sgt Nigel McMorran is away for a couple of weeks however DJ Grant Wormald will hopefully be able to attend.

Topics for discussion might include a summary of the operation and outcomes from our perspective (and yours), what worked well, what didn't, what we could do differently/better next time etc.

We'd be more than happy to host you all up here at a convenient time.

Cheers again,

We'll await to hear back from you regarding proposed dates.

As for the content and scope of the debrief, I would also hope that we aim to present tactical/operational level material. Our analysts will run you through our SIGINT tools and how we used the GCSB Redactions that OFCANZ provided.

Our Director and senior management will have an interest in seeing this level of material, especially since our Director will probably never have seen SIGINT tools in action yet (he starts in the office after Waitangi). I had been expecting our seniors to take more of a "back seat" position in the audience, leaving our analysts to lead the discussions. Hope that reassures you that I am not aiming this session at a senior level, but we would rather invite them to sit in and observe.

Detective Inspector Grant Wormald will lead from the police/investigative side. We will present a short round-up of the operation from concept to termination/court proceedings. D/Sgt Nigel McMorran will hopefully also be able to attend and he can explain some of the dynamics and legal aspects of the cooperation with (mainly) the FBI.

The presentation you propose sounds great and will be of much benefit to us as well.

See this as a chance to highlight the success of this op in terms of us seeking your assistance in a fairly unique case and you guys going the extra mile to assist. Also the connectivity to you folks from the field using the sectera was a very simple, yet effective medium to provide regular updates.

I think DEBUT is a joint model that could be replicated (and built upon) to great effect in future operations with a regional and/or wider transnational component.

Best dates currently look to be 16 or 17 Feb.

I am out of the office for the next couple of days but will be in touch next week.

Appreciate your prompt replies. At present, sometime after the middle of the month is good for us. Still a lot of tidy up (and other catch up) work to be done.

I will contact you towards the end of the week with some tentative dates and hopefully we can go from there.

NB, It would not be typical for our Director to attend this type of meeting so more likely to be tactical/operational level personnel who worked directly on the op. We can but ask...!

Regards,

Police Analyst

Hi

Many thanks for your email, and apologies for not contacting you sooner – I've just got back from leave in the UK. We are pleased that the team's reporting was of value, and contributed in some way to the successful outcome of the operation.

We are very keen for our new Director, Deputy Director for Intelligence, and possibly ICG, to be present during a debrief. If you have some dates in mind, for mid-February, I'd be happy to try and set something up here in Pipitea House if that would be possible?

Regards,
