FW: Mitel call logging in TABS

[Parliamentary
Service]

[Inquiry Administrator]

Hi

Additional information below.

Effectively, 1.b. below means that any of the ministers in-scope could have used their private line to call the extension in question, and it wouldn't have been recorded anywhere. Not what you were hoping to hear I suspect.

Cc: :

[contractor]

Subject: RE: Mitel call logging in TABS

Yes

Apologies for the delay.

Private lines:

1. Ministers can phone from their private lines to:
 - a. Other ministers
 - b. To other PABX users
2. Private lines cannot:
 - a. Phone outbound calls

- b. Receive inbound calls
- c. Receive calls from any non-minister PABX extension.
- d. Receive calls from operators or EA's / SPS etc.
- e. (from outside the ministers private lines group of users)

Because the ministers private lines are a closed group, we do not log any calls in TABS for this – the only possible exclusion will be when a minister phones from his private line to a VoIP extension.

Let me know should you have any further questions

The logging can be enabled to log this type of call. (It has to do with the class of service associated with the extension).

Hi

Those extensions are both SX2000 extensions – hence the reason for no calls (if any) appearing on the report.

Apologies for the delayed response.

Hi

The TABS system will log the following:

1. Logs all outbound (external) and inbound (from external) calls
2. Logs calls between SX2000 the Mitel 3300 (that is between VoIP and Digital systems)

It does not log the following calls:

1. Any inter SX 2000 calls (that is one SX200 user to another SX2000 user)
2. The same for the Mitel 3300's

3. Private lines we believe are not logged (Ross will confirm this)

Let me know should you have any further questions

Subject: Confidential request : Call report

Hi

[Contractor]

The call information for Hon Peter Dunne. Refer the report and also the comment made by ; below. We only log external numbers dialled and not internal numbers dialled. (TABS is configured this way). Would you like for us to change this TABS logging configuration - to also log internally dialled numbers?

From: [Contractor]
Sent: Tuesday, 4 June 2013 1:31 p.m.
To: [Contractor]
Subject: RE: Call report

Hi

The call details report is empty, indicating that there were no external calls made to/from this numbers by this extension during this period. However as the internal extension is on the same Mitel SX 2000 phone system as the Ministers phone and Parliament do not have internal SMDR call recording on this system, then I can confirm whether or not calls were made desk to desk internally.

Request for building access logs as part of the David Henry Inquiry
David Henry Inquiry - terms of reference.pdf

[Enquiry Administrator]

[Parliamentary Service]

[SEEMAIL]

Hi

I'm working with David Henry as part of the Inquiry into the unauthorised disclosure (the leak) of the Kitteridge Review, which occurred in early April. I've attached the inquiry's terms of reference, which outlines our scope and authority.

As part of this Inquiry, we have requested, and received, a number of technical records and activity logs. These have mainly come from the ICT unit of Parliamentary Services. Now we'd like to request building access logs for certain people, for a certain date range, into the Parliamentary Complex. So I really have two questions for you:

1. Is this sort of data retrievable by you? We are after the access logs for two people at this stage, for the date range of 6-8 April (Inclusive), and
2. What sort of authorisation do you need to release this information to us?

If you're not the right POC for this, please just let me know.

Re: Last part of info

[Enquiry Administrator]
[Parliamentary Service]

[SEEMAIL] [IN CONFIDENCE]

Hi

David Henry has discussed the issue with Janice Calvert and Wayne Eagleson (PM's chief of staff), but not David Stephenson (to the best of my knowledge). The upshot is that David will be talking with Rob Eaddy (Dunne's chief of staff) this morning, with the aim of getting the Minister's direct permission to view the emails. I'm unsure what the result of that will be.

In the meantime, could I ask that you carry on working around the .pst issue, on the assumption that we will eventually get the authorisation to view the emails?

RE: Call logs request - list of extensions required

Hi

I have forwarded both your emails for action by the tech allocated to all of this. He will confirm an ETA once he has absorbed it all. We should be able to confirm an ETA later today... call me at 4pm if I haven't got back to you already.

Thanks

Alan

Subject: Call logs request - list of extensions required

[Inquiry Administrator]

[SEEMAIL] [IN-CONFIDENCE]

Hi

This is the request for call logs from the attached phone extensions. You'll see I've added the two numbers we're interested in, inside the document. If possible, we're interested in logs which display contact between the listed extensions to and from the "numbers of interest". However, if you don't have the time to sort that, we'd be interested in simply seeing the logs for all calls made from those extensions, whoever they happen to be to.

Please note, we do not want the call logs for the two "numbers of interest" - that is outside the parameters of our Inquiry.

Many thanks for your help this far - we're nearing the end!

Regards,

Hi

Trust you had a pleasant weekend. Were you able to locate the remaining (10, I think you said) phone records?

On another matter - emails, this time - I just wanted to ask how long it would take for you to retrieve the content of certain emails if we requested them, including any attachments if possible. And if those emails were from Ministers, whether that presented any issues?

Regards,

Thanks for the clarification. It sounds like I will need to collect mobile phone records for me after all, but I'll also retain what you've given me since it sounds as though PS wouldn't have those particular records.

And if you ever need to call, best to call my desk phone: (I don't have my mobile with me at my desk).
You should also be able to find my contact details through the Parliament intranet if necessary.

Cheers,

[Ministerial Services]

Hi [Enquiry Administrator]

I did have a wee chat with our accounts lady. I think that I can fill in the gaps a little on Ministers phone accounts. I have misplaced your business card so do not have your cell phone to hand or telephone number.

Ministers get an entitlement from Parliamentary Services. So presumably all have a cell phone with them. These accounts would come through Parliamentary Services. There are some Ministers that have more devices and if it is over their Parliamentary Services allocation then we pay and it is those records you have. We use Parliamentary Service Datacom contractors to activate the phones etc but the accounts come to us. Therefore, some Ministers do not have any cell phone accounts with us and it may explain why we may only have some car phone accounts for some Ministers and some cell phone records for some Ministers.

was surprised that Parliamentary Services can access our accounts. Parliamentary Services would be able to access any account information for the things that they provision to Ministers within their Parliamentary Service allocation.

I did not know this level of detail before today.

Mobile phone logs

Hi.

Further to what we discussed earlier regarding mobile phone logs: I think the best way forward from here is if you include the mobile phone logs in the rest of the records you're gathering for me. I think electronic versions are preferable to the hard copies I have currently (albeit I am still missing records for about half of the ministers). The list of people and the date range are unchanged. I'm working on the assumption here that you do indeed have access to those records electronically.

In terms of authorisation; that was granted by Janice Calvert, and it has since been confirmed that each Minister is happy for us to retrieve their mobile phone logs.

Below is the first iteration of the list. The 22 March - 24 March list is right at the bottom.

List of individuals – Cellphone billing records for 25 March – 9 April:

[PM's office 4 x staff]

Hon Bill English

[+ 2 x staff]

Hon Gerry Brownlee

[+ 2 x staff]

Hon Steven Joyce

[+ 3 x staff]

Hon Judith Collins

[+ 2 x staff]

Hon Chris Finlayson

[+ 2 x staff]

Hon Murray McCully

[+ 2 x staff]

Hon Anne Tolley

[+ 2 x staff]

Hon Dr Jonathan Coleman

[+ 3 x staff]

Hon Maurice Williamson

[+ 3 x staff]

Hon Amy Adams

[+ 3 x staff]

Hon Peter Dunne

[+ 3 x staff]

Hon John Banks

[+ 3x staff]

List of individuals – Cellphone billing records for 22 - 24 March:

[x 4 staff from PM's office]

>>> "

[Ministerial Services]

8/05/2013 1:53 p.m. >>>

Good Afternoon

I left a message on your telephone this morning. We have the cell telephone records for the period 25th March to 25th April sitting in our office. It was about to be distributed to staff. I have asked that distribution to be put on hold until we finalise our conversation.

There are 766 pages (double sided) of vodafone accounts and then there are a number of papers for the Telecom accounts. Would you like us to photocopy all records? This would take some time, but we can do it. An alternative option is that we could photocopy records of any particular staff member that you would like to see. This would be quicker.

Regarding the period 22nd March to 24th March. The entitlements team is confident that they can access these records. However, when the team logged into the accounts it seems that each person's record is retrieved individually. Therefore to pull all records would be a time consuming process. Again, as above we can drill down the records of the staff member you would like to see.

Can you please let me know how you would like to proceed.

Re: Tentatively accepted: Discussion of DH Inquiry information

Yes that's absolutely fine. I actually had in my mind it was Friday, but it looks like I scheduled it for today. Happy to meet tomorrow morning if it's easier, or whenever you're free this morning.

Can I call you when I'm free? My meeting is running over

Subject: RE: Request for assistance with Inquiry Hi I couldn't reach you, but have spoken to Geoff Thorn and clarified with him that DIA is the employer of the Ministerial office staff. These staff have signed our code of conduct, which allows us to gather and use such information, so you can proceed on our authority.

However, with respect to Ministers themselves, Geoff has asked that we provide authorisation from each Minister individually in order to give the Parliamentary Service authority to comply with our request. I am in the process of following this up. and please note and hold the Ministerial cell phone information in the meantime.

Janice

Hi Janice and

As discussed when we spoke earlier, Geoff Thorn has asked that we have written confirmation from each Minister that they are happy for us to make available information that we hold about their staff. An email confirmation is fine.

The reason for this is that the Parliamentary Service is the service provider, holding the information on their behalf. They are effectively the employer of their staff, so the information belongs to them.

Please feel free to call me if you would like further background.

Subject: Request for assistance with Inquiry

[Parliamentary Service]
[Inquiry Administrator]

attached is a request for information from the David Henry Inquiry.

I should be grateful if you would provide the Inquiry with the information requested in the attached document that you hold on Ministerial Services' behalf. I note that we ourselves hold the Cell phone records for DIA staff based in Ministerial offices, and hold records for some ministers, where the minister may have a phone or phones additional to those issued by the Parliamentary Service.

Thank you for your assistance,
Janice Calvert

[SEEMAIL] [SENSITIVE]

[Inquiry Administrator]

[Parliamentary Service]

I spoke with Janice Calvert yesterday - GM at Ministerial Services - and she said she was happy to give her authorisation for the attached request for data. If you haven't received that authorisation yet, you should fairly soon.

I've copied the information we require below - please note it varies somewhat from the original request I sent to you. This list of information is what Janice has approved.

Please let me know if or when you receive that authorisation, so we can then talk further about this request. Please don't hesitate to let me know if you have any queries at any stage.

1. For all of the following, the date range requested is **22 March to 9 April 2013** (inclusive).
2. **Print, copy, and scan records** for the following Ministers and the MFD devices in the Ministers' offices:
 - a. Rt Hon John Key (including PMO)
 - b. Hon Bill English
 - c. Hon Steven Joyce
 - d. Hon Judith Collins
 - e. Hon Christopher Finlayson
 - f. Hon Dr Jonathan Coleman
 - g. Hon Murray McCully
 - h. Hon Anne Tolley
 - i. Hon Amy Adams
 - j. Hon Maurice Williamson
 - k. Hon John Banks
 - l. Hon Peter Dunne
 - m. Hon Gerry Brownlee
3. **Print, copy, and scan records** for the senior staff in each of the above Ministers' offices, i.e. the Senior Private Secretary and Press Secretary.

4. **Print, copy, and scan records** for MFDs in the Prime Minister's office, and for PMO staff if they have access to other MFDs.
5. The format of the data should ideally be in the form of a log, showing all of the scanning, printing, and copying activities of the persons or devices, the date of the activity, the name of the document (in the case of printing) and the number of pages.
6. Email logs of the above persons, for the above date range, showing emails to/from addresses external to .govt.nz addresses.
7. Cell phone and landline logs, showing billable calls to a particular number (i.e. to a cellphone).

Regards,

[Ensuring Administrator]

[SEEMAIL] [SENSITIVE]

Thanks

I appreciate your help with this. I've now talked with David Henry about the request; let's move ahead with it and see how we get on. Below is the information we require access to. Please proceed with this process, unless you need specific authorisation to move further - in which case let me know what that authorisation requirement is. If at any stage you have any queries, please let me know. I'd be happy to meet in person to discuss any of this in more detail. On the phone you mentioned the requirement to bring in Konica Minolta contractors - can you clarify on the cost involved in that process and who it would be attributable to?

And so, as discussed, I'd like to formally request the following:

1. For all of the following, the date range requested is **22 March to 9 April 2013** (inclusive).
2. **Print, copy, and scan records** for the following Ministers and the MFD devices in the Ministers' offices:
 - a. Hon Bill English
 - b. Hon Gerry Brownlee
 - c. Hon Steven Joyce
 - d. Hon Judith Collins
 - e. Hon Christopher Finlayson
 - f. Hon Dr Jonathan Coleman
 - g. Hon Murray McCully
 - h. Hon Anne Tolley
 - i. Hon Amy Adams
 - j. Hon Maurice Williamson
 - k. Hon John Banks
 - l. Hon Peter Dunne
3. **Print, copy, and scan records** for the senior staff in each of the above Ministers' offices, i.e. the Senior Private Secretary and Press Secretary.
4. **Print, copy, and scan records** for the following staff members:
 - a. (Prime Minister's Office)
 - b. (Prime Minister's Office)
 - c. (Prime Minister's Office)

[x3 staff]

5. The format of the data should ideally be in the form of a log, showing all of the scanning, printing, and copying activities of the persons or devices, the date of the activity, the name of the document (in the case of printing) and the number of pages.

Regards,

I just realised that the MFDs can only send to @parliament addresses so any scans are recoverable subject to authorisation to obtain the information

From:
Sent: Tuesday, 30 April 2013 9:10 a.m.

Subject: RE: Printing and copy records request

[Inquiry Administrator]

[Parliamentary Service]

Thanks for that

I had wondered whether it was similar to the DPMC system, which scans documents to a folder on a server, rather than to an email address. It's worth knowing, at least, even if it means it's potentially difficult to recover.

Regards,

[Parliamentary Service]

>>>

30/04/2013 8:56 a.m. >>>

I'm not sure what information we collect on scanning, as it is not a chargeable service, but the user logon will definitely be stored.

We might be able to get the actual emails from the MFDs to the user but I would need to confirm that and it would definitely only work if the email address was a @Parliament or @Ministers one. There may also be an authorisation issue as we will be accessing a users email account.

Good Afternoon

I left a message on your telephone this morning. We have the cell telephone records for the period 25th March to 25th April sitting in our office. It was about to be distributed to staff. I have asked that distribution to be put on hold until we finalise our conversation.

There are 766 pages (double sided) of vodafone accounts and then there are a number of papers for the Telecom accounts. Would you like us to photocopy all records? This would take some time, but we can do it. An alternative

option is that we could photocopy records of any particular staff member that you would like to see. This would be quicker.

Regarding the period 22nd March to 24th March. The entitlements team is confident that they can access these records. However, when the team logged into the accounts it seems that each person's record is retrieved individually. Therefore to pull all records would be a time consuming process. Again, as above we can drill down the records of the staff member you would like to see.

Can you please let me know how you would like to proceed.

Thanks

Sorry, I don't seem to have got your telephone message. This is great news.

Let me get back to you in a few moments with a list of particular individuals for the 25 March + period, since it sounds like that's the right way to go about this. The list of people for which we require records prior to 25 March will be even smaller simply because of who received the report on which date.

I'll be in touch shortly with a list of names.

Regards,

[Ministerial Services]

Hi

I was not planning to send a note to staff. My preference is to talk to the SPS's of offices concerned mainly to let them know I am aware of the investigation and to advise them of the information that maybe sort. I have already made contact with some people. Is your preference that I do not speak to them at all? I wanted to do this in my capacity as the manager of staff.

RE: Printing and copy records request

[Inquiry Administrator]
[Parliamentary Service]

[SEEMAIL] [SENSITIVE]

I spoke with Janice Calvert yesterday - GM at Ministerial Services - and she said she was happy to give her authorisation for the attached request for data. If you haven't received that authorisation yet, you should fairly soon.

I've copied the information we require below - please note it varies somewhat from the original request I sent to you. This list of information is what Janice has approved.

Please let me know if or when you receive that authorisation, so we can then talk further about this request. Please don't hesitate to let me know if you have any queries at any stage.

1. For all of the following, the date range requested is **22 March to 9 April 2013** (inclusive).
2. **Print, copy, and scan records** for the following Ministers and the MFD devices in the Ministers' offices:
 - a. Rt Hon John Key (including PMO)
 - b. Hon Bill English
 - c. Hon Steven Joyce
 - d. Hon Judith Collins
 - e. Hon Christopher Finlayson
 - f. Hon Dr Jonathan Coleman
 - g. Hon Murray McCully
 - h. Hon Anne Tolley
 - i. Hon Amy Adams
 - j. Hon Maurice Williamson
 - k. Hon John Banks
 - l. Hon Peter Dunne
 - m. Hon Gerry Brownlee
3. **Print, copy, and scan records** for the senior staff in each of the above Ministers' offices, i.e. the Senior Private Secretary and Press Secretary.
4. **Print, copy, and scan records** for MFDs in the Prime Minister's office, and for PMO staff if they have access to other MFDs.
5. The format of the data should ideally be in the form of a log, showing all of the scanning, printing, and copying activities of the persons or devices, the date of the activity, the name of the document (in the case of printing) and the number of pages.
6. Email logs of the above persons, for the above date range, showing emails to/from addresses external to .govt.nz addresses.
7. Cell phone and landline logs, showing billable calls to a particular number (i.e. to a cellphone).

Regards,

30/04/2013 5:06 p.m. >>>

Enquiry Administrator]

[SEEMAIL] [SENSITIVE]

Thanks

I appreciate your help with this. I've now talked with David Henry about the request; let's move ahead with it and see how we get on. Below is the information we require access to. Please proceed with this process, unless you need specific authorisation to move further - in which case let me know what that authorisation requirement is. If at any stage you have any queries, please let me know. I'd be happy to meet in person to discuss any of this in more detail. On the phone you mentioned the requirement to bring in Konica Minolta contractors - can you clarify on the cost involved in that process and who it would be attributable to?

And so, as discussed, I'd like to formally request the following:

1. For all of the following, the date range requested is **22 March to 9 April 2013** (inclusive).
2. **Print, copy, and scan records** for the following Ministers and the MFD devices in the Ministers' offices:
 - a. Hon Bill English
 - b. Hon Gerry Brownlee
 - c. Hon Steven Joyce
 - d. Hon Judith Collins
 - e. Hon Christopher Finlayson
 - f. Hon Dr Jonathan Coleman
 - g. Hon Murray McCully
 - h. Hon Anne Tolley
 - i. Hon Amy Adams
 - j. Hon Maurice Williamson
 - k. Hon John Banks
 - l. Hon Peter Dunne
3. **Print, copy, and scan records** for the senior staff in each of the above Ministers' offices, i.e. the Senior Private Secretary and Press Secretary.
4. **Print, copy, and scan records** for the following staff members:
 - (Prime Minister's Office)
 - Prime Minister's Office)
 - (Prime Minister's Office)

[X3 staff]
5. The format of the data should ideally be in the form of a log, showing all of the scanning, printing, and copying activities of the persons or devices, the date of the activity, the name of the document (in the case of printing) and the number of pages.

Regards,

[Parliamentary Service]

30/04/2013 2:50 p.m. >>>

I just realised that the MFDs can only send to @parliament addresses so any scans are recoverable subject to authorisation to obtain the information

[Parliamentary Service] 30/04/2013 8:56 a.m. >>>

I'm not sure what information we collect on scanning, as it is not a chargeable service, but the user logon will definitely be stored.

We might be able to get the actual emails from the MFDs to the user but I would need to confirm that and it would definitely only work if the email address was a @Parliament or @Ministers one. There may also be an authorisation issue as we will be accessing a users email account.

Subject: Printing and copy records request

[SEEMAIL] [IN CONFIDENCE]

Thanks for taking the time to talk earlier. I thought I'd email you this evening just to say that I'll send you the formal request tomorrow - the reason for the delay is that I'd like to talk it over with David Henry first, tomorrow morning, so we can agree on a list of names for whom we want the records. That way we're not wasting your time with alterations later on and we can be sure we're getting it right.

One thing I forgot to ask about was whether scanning, as distinct from copying, was treated any differently to copying? I now know that this is the case on the DPMC network, so I wonder whether it's the same on the Parliamentary network?

Thanks again for your help, and I'll be in touch tomorrow.

Regards,

To: Janice Calvert
Subject: David Henry inquiry - request for assistance

Hi Janice,

I'm assisting David Henry with his inquiry into the unauthorised disclosure of Rebecca Kitteridge's GCSB Compliance Review in early April.

In that capacity, I have a slightly unusual request for you. I recently sent the below request (attached to the bottom of this email) to [redacted] in Parliamentary Services, asking him to retrieve that information for us as part of the Inquiry. Although he was happy to help, they require authorisation from yourself, as General Manager Ministerial Services, to carry out that request.

Accordingly, I wonder whether I could meet with you at some stage this week in order to talk this over and, if you're happy to, gain your authorisation to take back to Parliamentary Services to run the report we need.

Please feel free to suggest a time to meet, and I'd be more than happy to come over to your office. Since we're operating within a fairly tight timeline, a meeting earlier in the week rather than later would be most appreciated.

Regards,

Request sent to [redacted] on 30 April 2013:

1. For all of the following, the date range requested is **22 March to 9 April 2013** (inclusive).
2. **Print, copy, and scan records** for the following Ministers and the MFD devices in the Ministers' offices:
 - a. Hon Bill English
 - b. Hon Gerry Brownlee
 - c. Hon Steven Joyce
 - d. Hon Judith Collins
 - e. Hon Christopher Finlayson
 - f. Hon Dr Jonathan Coleman
 - g. Hon Murray McCully
 - h. Hon Anne Tolley
 - i. Hon Amy Adams
 - j. Hon Maurice Williamson
 - k. Hon John Banks
 - l. Hon Peter Dunne
3. **Print, copy, and scan records** for the senior staff in each of the above Ministers' offices, i.e. the Senior Private Secretary and Press Secretary.
4. **Print, copy, and scan records** for MFDs in the Prime Minister's office, and for the following individuals:
 - a. [redacted] (Prime Minister's Office)
 - b. [redacted] (Prime Minister's Office)
 - c. [redacted] (Prime Minister's Office)

5. The format of the data should ideally be in the form of a log, showing all of the scanning, printing, and copying activities of the persons or devices, the date of the activity, the name of the document (in the case of printing) and the number of pages.

[SEEMAIL] [SENSITIVE]

Thanks

I appreciate your help with this. I've now talked with David Henry about the request; let's move ahead with it and see how we get on. Below is the information we require access to. Please proceed with this process, unless you need specific authorisation to move further - in which case let me know what that authorisation requirement is. If at any stage you have any queries, please let me know. I'd be happy to meet in person to discuss any of this in more detail. On the phone you mentioned the requirement to bring in Konica Minolta contractors - can you clarify on the cost involved in that process and who it would be attributable to?

And so, as discussed, I'd like to formally request the following:

1. For all of the following, the date range requested is **22 March to 9 April 2013** (inclusive).
2. **Print, copy, and scan records** for the following Ministers and the MFD devices in the Ministers' offices:
 - a. Hon Bill English
 - b. Hon Gerry Brownlee
 - c. Hon Steven Joyce
 - d. Hon Judith Collins
 - e. Hon Christopher Finlayson
 - f. Hon Dr Jonathan Coleman
 - g. Hon Murray McCully
 - h. Hon Anne Tolley
 - i. Hon Amy Adams
 - j. Hon Maurice Williamson
 - k. Hon John Banks
 - l. Hon Peter Dunne
3. **Print, copy, and scan records** for the senior staff in each of the above Ministers' offices, i.e. the Senior Private Secretary and Press Secretary.
4. **Print, copy, and scan records** for the following staff members:
 - a. (Prime Minister's Office)
 - b. Prime Minister's Office
 - c. (Prime Minister's Office)

[x3 staff members]
5. The format of the data should ideally be in the form of a log, showing all of the scanning, printing, and copying activities of the persons or devices, the date of the activity, the name of the document (in the case of printing) and the number of pages.

I just realised that the MFDs can only send to @parliament addresses so any scans are recoverable subject to authorisation to obtain the information

[Parliamentary Services]

Thanks for that

I had wondered whether it was similar to the DPMC system, which scans documents to a folder on a server, rather than to an email address. It's worth knowing, at least, even if it means it's potentially difficult to recover.

Regards,
