

Please join us for a

Celebration of Partnership

Over the past two years, Community Energy Action Charitable Trust has worked in partnership with New Zealand Red Cross to run the Repair Well programme. This programme focuses on providing energy efficient interventions during the repair process for earthquake damaged homes for vulnerable households. These interventions include insulation, heating and ventilation.

Please join us to celebrate the success the partnership has achieved and to view the launch of the Repair Well Video, which showcases the successful collaboration between the two organisations.

Thursday 2 June 2016
4.00 pm to 6.00 pm

Camelot Room, Chateau on the Park
189 Deans Avenue, Riccarton
Christchurch

Drinks and canapes will be served
