Organisation: Office of the Clerk of the House of Representatives

On behalf of: Education and Science Committee

For release: 12 May 2017

Proposed changes to our tertiary education system

This bill seeks to affect the day to day running of tertiary education organisations (TEOs) by increasing the flexibility of funding for TEOs through changes to the Education Act 1989. It is proposed that TEOs accountability also be increased under this bill. The Government states the bill's aims include:

- Updating legislation on the everyday running of tertiary education organisations
- Modernising how information collection by tertiary institutions is monitored
- Adjusting the tertiary funding framework, and
- Making tertiary organisations more accountable.

Tell the Education and Science Committee what you think

[Send your submission](#) on the bill by midnight on 23 June 2016.
