OFFENCE: OPERATION INLET

DATE/TIME

23.09.05  
1140hrs

Speak to [REDACTED] complainant in the BENSON-POPE matter at his work in [REDACTED]

Advise [REDACTED] that I have interviewed Mr BENSON-POPE yesterday in relation to the alleged hitting of him in the face by Mr BENSON-POPE while on the school camp.

Advise that Mr BENSON-POPE has denied that the incident ever occurred. It has never occurred and he has never hit a pupil in his life.

That he doesn't know where the information would have come from, that he believes it is politically motivated.

Advise him that he said if he had hit him in the face it would have been assault, surely it would have been reported at the time.

[REDACTED] is upset with this, all he was after was the truth to be told. He thought that if it had been told, all he needed was an apology.

Advise [REDACTED] that I will be forwarding the file through to my superior, it will be looked at as to the legality of the 23 years it since then happened but needed to know where he sat in relation to the matter going to Court.

[REDACTED] said he will go to court, he is willing to give evidence in relation to this matter as he feels quite strongly about a member of parliament telling the truth and being up front. He states that he is only after the truth and would give evidence if needed in the Court.
