

Customer Interaction

Date/Time Created: [REDACTED]
Officer: [REDACTED]
Branch: [REDACTED]
Type: Application Notes
Appln #: [REDACTED]
Application Type: Permit, Work, Partnership

No supporting evidence at all.

However I do note that applicant has residence application under partnership with us.

On this basis I am prepared to risk manage this application and issue a 1 year WP to allow for residence to be decided

This is a typical Immigration 'AMS' computer record.

I checked the residence application which had NO evidence either.

How and why would you approve it when there is no evidence?
