MANUKAU HARBOUR

**Key**

- Mount Roskill City Precinct Boundary
- Proposed Light Rapid Transit (AT)

**Mt Roskill Development Project**  
 The potential to deliver 10,000+ warm, dry and healthy new homes for Housing New Zealand and private home owners by replacing more than 2,000 existing HNZ homes in Mt Roskill. New homes will provide a wide range of housing types that create real choices, and streets are revitalised to respond to community need.

- Principles**
- Make the best use of Housing New Zealand land to build strong and healthy communities
  - Upgrade streets, parks and public open space alongside new housing developments
  - Improve walking, cycling and public transport networks to give residents better transit options
